Commissioner Kennedy:

Thank you for your letter dated October 19, 2021, regarding village consultation during the Service Exchange MOU review. I appreciate this review will have an impact on both municipalities and villages.

The department is currently developing consultation and work plans for the MOU review. I will ensure your request is provided to those developing the plans to ensure proper engagement as we move forward with this work. It will be through meaningful engagement with local governments that we will continue to make Nova Scotia a better place for all.

I appreciate you taking the time to submit your request.

Sincerely,

Honourable John A. Lohr
