July 26th, 2023

Juanita,

At a recent meeting of Yarmouth Town Council we discussed the Mass Casualty report and the many recommendations that were contained within it.

Our concern is that this very comprehensive report points out many failings of the systems we have in place and calls for systemic changes. The Mass Casualty report alone will not be enough to make change. It will require leadership and effort on behalf of governments at all levels. Accordingly, we are asking NSFM, on behalf of all Nova Scotia Municipalities to engage with our provincial government and work with them to ensure the recommendations are implemented.

If work is ongoing on this matter, we would appreciate a brief update.

Thank you,

Mayor Pam Mood
Town of Yarmouth
