Dear President Chisholm-Beaton:

Re: Delivery of 2022-23 Annual Report

On behalf of Property Valuation Services Corporation (PVSC), I am pleased to inform you that the 2022-23 Annual Report (for the April 1, 2022 to March 31, 2023 fiscal year) is now available.

This year's Annual Report focuses on embracing agility – being ready to pivot, re-prioritize, and re-distribute resources – to ensure our commitments to Nova Scotia municipalities are met and PVSC is positioned for success now and in the future.

The Annual Report is posted on our website here: [Agility in Action \(pvsc.ca\)](https://www.pvsc.ca).

The opportunity to meet with the NSFM Board of Directors this fall to further expand on the work and priorities of PVSC would be appreciated. There are several items to discuss with the NSFM Board, including the Corporation's approach to supporting municipalities and property owners negatively impacted by recent extreme weather events, as well as some housekeeping items like the PVSC's board compensation framework, provided to you on March 9, 2023.

Sincerely,

Joseph Feeney
Chair, PVSC Board of Directors
