Dear Ms. Chisholm-Beaton:

I would like to extend my sincerest gratitude to you for your kind words on my reappointment to the Agriculture and Agri-Food portfolio.

It is a tremendous honour to be entrusted with ensuring the needs of all Canadians from farm to fork are met. It has been heartwarming to receive so many messages of support from Canadians from coast to coast and from all walks of life.

As a former farmer myself, I am proud to serve fellow Canadian farmers and food processors in this vibrant industry, and I look forward to working so that our world-renowned and respected agriculture and agri-food sector continues to thrive, grow and innovate.

I also look forward to exploring opportunities for collaboration. Again, I very much appreciate your taking the time to write to express your support.

Sincerely,

A handwritten signature in cursive script that reads "Lawrence MacAulay".
