A scenic view of a large body of water at sunset. The sky is filled with orange and yellow clouds, reflecting on the water. In the foreground, a road with a guardrail and a street lamp is visible. A green bridge spans across the water in the middle ground. The background shows a forested hillside under a sunset sky.

**Local leaders,
stakeholders, and
citizens must play a
vital role in determining
our Island's future.**

"Imagine our Island is a SHIP - Our journey as captains and crew is to foster friend-SHIP to build a relation-SHIP, to sail us to partner-SHIP; finally, we grow our Island with leader-SHIP."

- Steven Michael Googoo, Wekoqma'q Band Councillor
