

Scenario #3

Barriers - Resources/time

- ↳ Funding available sometimes after applications sent in, but ^{applications} are time consuming and frequent rejection.
- ↳ Smaller municipalities may only have one person dedicated to these programs
- ↳ Prioritization w/ a smaller team. (working outside of comfort zone)
- Turning point was a barrier in a way.
 - ↳ Education on why changes are required.

Turning point - Achieve community buy in

- Community education and demonstrated community benefits.
- Elections - New priorities in elected officials
- Oil/heating costs[↑], grid resiliency concerns

- ## Everyday life
- Integrate energy in day to day, instead of dedicated thought.
 - Technology reliable, available and works for what families need.
