

CAP Program

Dartmouth Housing (Dartmouth Non-Profit Housing Society)

Nick Russell- Executive Director

Dartmouthhousing.ca

- Dartmouth Housing (Non-Profit Housing Provider) properties are currently not in the CAP program
- Exclusion of Non-Profit Housing Providers from the program was an oversight. We have formally made requests with area MLA Brendan Maguire and directly to Minister Chuck Porter's office to correct this oversight and have Non-Profit Housing Providers added to the CAP program with no success
- Co-op Housing Providers did successfully have legislation added so they could be included in the CAP program
- If Non-Profit Housing Providers will not be added to the CAP program, then it would be in the interest of our organizations to have the CAP program abolished completely.
- Given the make-up of non-profit property portfolios, the assumption is that removal of the CAP program would ultimately lead to lower property tax and more MUCH NEEDED dollars that can be used to add affordable housing units.
