

OPT-IN FORM

NSFM helps members secure preferential pricing and priority service by leveraging the combined purchasing power of its entire membership. While many of the NSFM programs are available as standing offers, some require members to specifically opt in.

Members can transfer a current account (in good standing) to the group NSFM account, while new members can set up a new one directly through the NSFM. Once enrolled, invoicing will be centralized through the NSFM to aggregate purchasing volume and secure the discounts. Any account change through this process will not impact pre-existing business relationships, and any regional pricing agreements will be maintained if not improved.
